Call for Expression of interest

MSCA PostDoctoral Fellowships 2024

HOST INSTITUTION: Iscte-Knowledge and Innovation

[Iscte-Knowledge and Innovation](#) is a Center for the Value Creation and Technology Transfer (Iscte-CVTT) that stands out for its pioneering interaction between the technologies and social sciences, while contributing to the production and transmission of knowledge, closely linked to the societal challenges identified by the European Union.

Iscte-CVTT brings eight research centres, nine laboratories, eight observatories and other technological resources together under a single roof. Being anchored in the idea of transferring knowledge in social sciences and digital technologies, it offers collaborating opportunities that cut across sectors of research and innovation.

The CVTT aims to be an European reference in strategic technological areas, favouring the development of emerging sectors and the incorporation of technologies to improve the competitiveness of the business fabric.

Iscte-Knowledge and Innovation Center CVTT invites researchers interested in applying for the **Marie-Sklodowska Curie PostDoctoral Fellowships 2024** - [HORIZON-MSCA-2024-PF-01-01](#)

We welcome applications from researchers with outstanding CV in the following scientific areas: **Social Sciences and Humanities, Management and Economics, Public Policy, Psychology, Sociology, International Studies, Anthropology, Information and Communications Technology, crosscutting areas of Digital Design, Mixed Realities, Data Science, Engineering, Construction and Architecture**, to submit their Expressions of interest to Iscte-CVTT.

The additional advantages of applying for the MSCA Post-Doctoral Fellowship with Iscte-CVTT as the host institution include the additional funding within the WIDENING program provided by the European Commission: Fostering balanced brain circulation – **ERA Fellowships**

It promotes the mobility of the candidates of any nationality applying for the PostDoctoral fellowship in a host institution from a WIDENING countries of Horizon Europe program, which **includes Portugal**.

Candidates applying for the MSCA PostDoctoral fellowship who do not succeed to obtain the funding, will have the additional opportunity to obtain the funding through the **ERA Fellowships** without having to resubmit their application.

Candidates may be of any nationality, have defended their PhD within the last 8 years, and should not have resided or performed their principal research activity in Portugal for more than 12 months before September 11th of 2024, according to the rules of the MSCA-PostDoctoral funding program.

Candidates that applied for the 2023 call for MSCA Postdoctoral Fellowships having received a score of less than 70% are not eligible to apply in 2024.

For more information please visit https://www.iscte-iul.pt/, or contact directly the selected Research Unit or the Research Support Office (gai@iscte-iul.pt).

Please check the Guide on how to submit the Expression of interest in the next page.

Submission Guide
