SHRINKING SPACE

Film screening and Q&A

ABOUT THE DOCUMENTARY

Shrinking Space is a documentary produced by Associació de Periodisme Fora de Quadre and Associació Hèlia that sheds light on the criminalisation of seven Palestinian civil society organisations—Addameer, Al-Haq, Bisan Center, DCI-P, UAWC, UPWC, and HWC—by the Israeli authorities. This case is not an isolated event but part of a broader strategy to suppress Palestinian civil society and silence those who document and challenge human rights violations under Israeli occupation and apartheid regime.
